Are you interested in enhancing wildlife habitats on this property? YES ☐ NO ☐

Funding for habitat enhancement is available through this program. This could include managing open areas to keep them open, (mowing, disking), removing non-native and invasive plant species (herbicide, burning, mechanical removal), and promoting primarily native plants. Note that planting of annual crops (food plots) will not be offered in this program.

EVALUATION CRITERIA:

Properties containing wetlands enrolled in WRP or WRE will receive priority consideration. The Agency in its sole determination shall select properties deemed most beneficial to the intended purposes of the VPA-HIP funding. Properties shall generally be evaluated using the following criteria:

A. Wildlife and Habitat	30%
B. Location and Access	30%
C. Recreational Benefits	40%
